HEY THERE

I'm a graphic designer, equestrian, mom of one sweet little girl, and wife of a musician. I grew up drawing, painting, and riding horses and set out to find a way to combine all of my passions. I love to create and strive to find unique solutions for my clients. I also enjoy designing fun printables for my daughter to use in play or for school.

When I'm not at my computer, you'll usually find me out with my horse – an Appaloosa gelding named "Dancer". We are slowly learning Dressage together, and teaching my daughter how to ride. Check out my blog for all the crazy details of my life on the ranch.
